MINISTRY PARTNER INFORMATION

Living World Ministries International (LWMI) serves the Karen refugees and the Thai people in villages across Thailand by providing ministry in refugee camps, schools, orphanages, and children's homes.

LWMI places a high importance

on evangelism to the Karen tribes located in the jungles of Thailand. They reach out to the Karen people through church planting and providing much needed medical services. LWMI has played a key part in humanitarian relief to the Karen refugees and the victims of the 2004 Tsunami. Our teams partner with LWMI to construct

housing, build churches, teach the Bible, teach English, and provide medical care to refugees and orphans.
