GLOBAL OUTREACH

Nicaragua

CONNECTION • TRANSFORMATION • POSSIBILITIES

MINISTRY PARTNER INFORMATION

Our teams partner with multiple pastors around the country, visiting their churches, serving in their ministries and doing outreach activities alongside their church leaders. Nicaragua is among the poorest nations in Central America. It is comprised mainly of agricultural farms, small quaint rural communities, and historically preserved cities. Our teams focus on providing School of Ministry sessions for pastors and leaders of various churches in Nicaragua.

Teams may also help with children's ministry, work projects, and encourage the local church. Ministry in Nicaragua is focused on sustaining long-term ministry and empowering the local church. We partner to do effective evangelism, discipleship, youth activities and community support.
